As Is End to End

- Teams/Steps Outside of Scope
- Care Manager
- Care Navigator
- Service Provider
- Funding Panel Member
- Service Manager
- Pain Points

Other Pain Points (Within Scope of MVP)

Manager of Care Managers

- Too many unnecessary episodes — fail term
- Funding panel rejection (earlier indication of rejection would be good)
- The system does not highlight providers that other CM's have had problems with; other CM's then continue to work with those providers

Manager of Care Navigators

- Providers not sticking to 'cut-off' point; providers not responding
- Frustrated at back and forth between SU and provider

Care Navigator

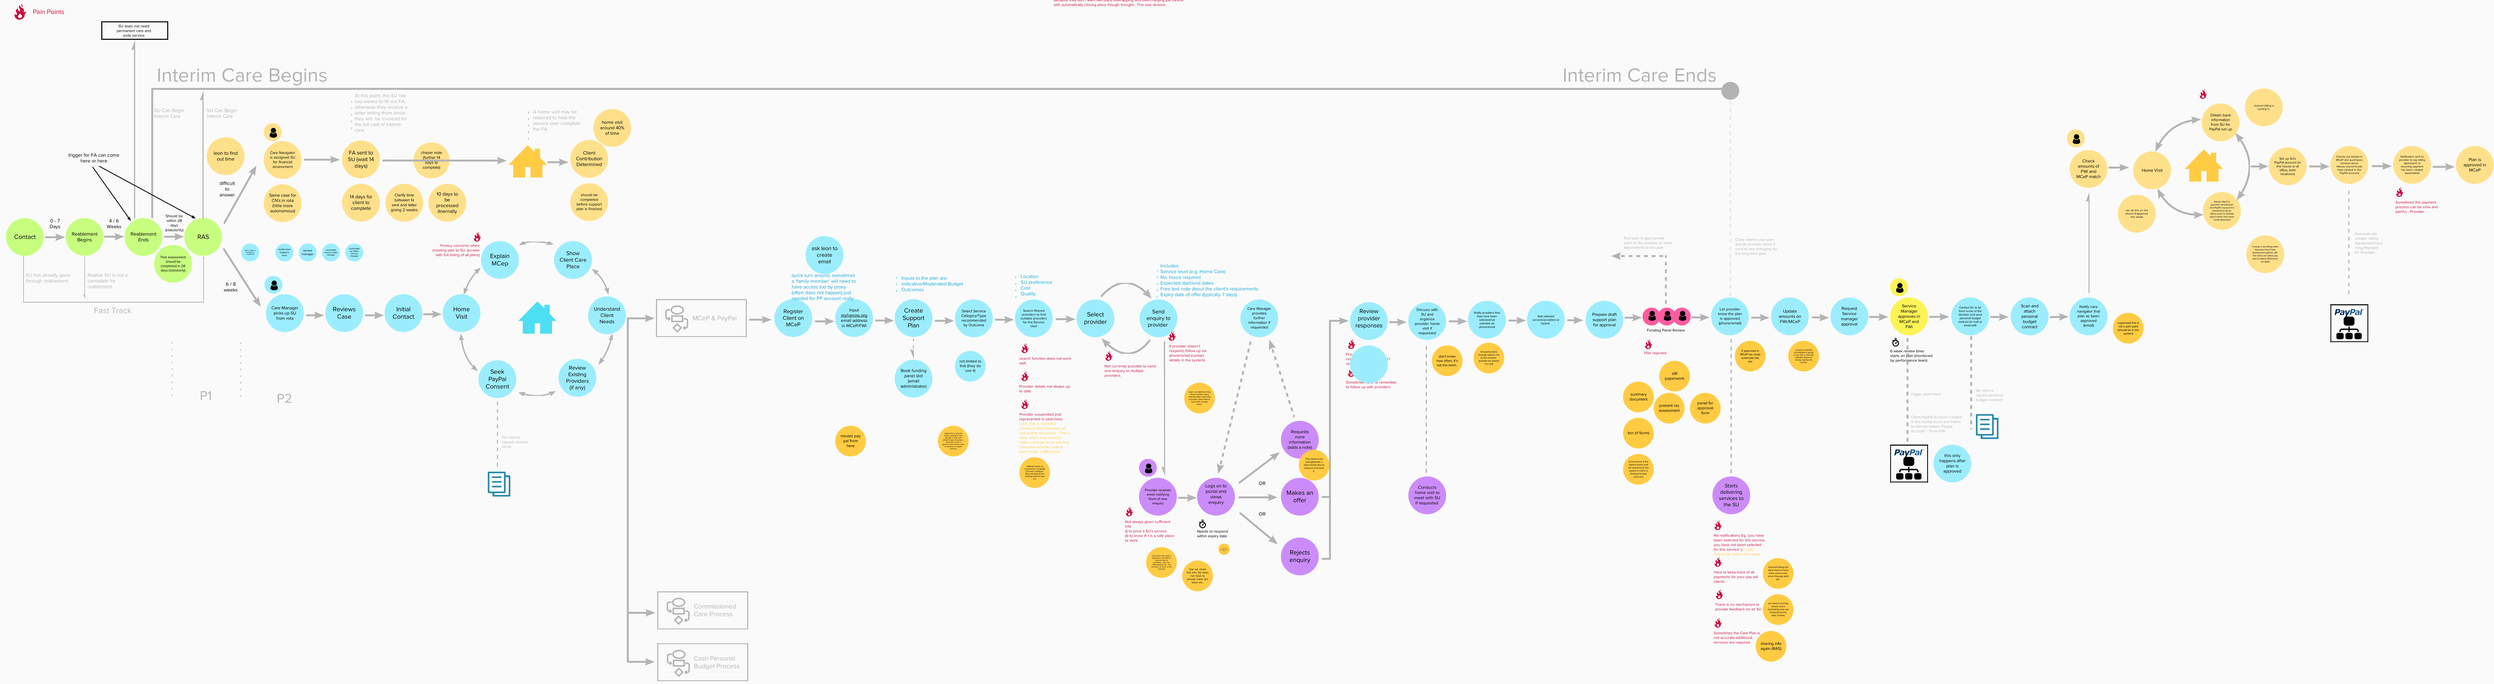
- Closing off of outdated plans
- Needs more background on a client

General Painpoints

- Not a very level playing field as providers that address interim care are likely to be the first to respond to a request, meaning others are disadvantaged and may not always fully explore the available options through MCeP (from interview with Leon)
- Provider provider notices change and they are on the front line, they need to be able to communicate back to harrow (SU admitted to hospital etc)
- Chc close off any outdated plans or ones that aren't necessary, duplo (close off) because they don't want two plans overlapping and exercherging (be careful with automatically closing plans though though) - This was divisive.

'I wish I could'

- Have ratings on MCEP to judge quality of service from provider - Chris
- Bring providers bid on every package, a request to bid for any service - Chris (would be easy to filter) Ex: that is local, we just have to provide the details that we already provide in the requests



Interim Care Begins
Interim Care Ends
SU does not need permanent care and is discharged
SU Can Begin Interim Care
trigger for FA can come here or here
Contact
0 - 7 Days
Realisement Begins
4 / 6 Weeks
Realisement Ends
Should be within 28 days (mistakenly)
That assessment should be completed in 28 days (statutory)
RAS
SU has already gone through realisement
Realise SU is not a candidate for realisement
Fast Track
P1
P2
leon to find out time
difficult to answer
Care Navigator is assigned SU after initial assessment
Same case for CN's in rota (little more autonomous)
At this point, the SU has two weeks to fill out FA's, and receive a formal letter letting them know they will be invoiced for the full cost of interim care.
FA sent to SU (wait 14 days)
14 days for client to complete
chaser note (further 14 days) if not completed
Clerly time between fs and chaser is going 2 weeks
10 days to be processed (manually)
A home visit may be required to help the service user complete the FA.
home visit around 40% of time
Client Contribution Determined
should be completed once support plan is finished
Care Manager picks up SU from rota
Reviews Case
Initial Contact
Home Visit
Privacy concerns when showing plan to SU (screen with full listing of all plans)
Explain MCep
Show Client Care Place
Seek PayPal Consent
Review Existing Providers (if any)
Understand Client Needs
MCeP & PayPal
Commissioned Care Process
Cash Personal Budget Process
ask leon to create email
Register Client on MCeP
quick turn around, sometimes a "family member" will need to have access too by proxy (often does not happen) just second for PP account verify
Input dialistion.org email address in MCeP/HW
Create Support Plan
Inputs to the plan are:
Indicative/Moderated Budget
Outcomes
Book funding panel slot (email administration)
Select Service Category/Type recommended by Outcome
not limited to the drop down fil
Search filtered providers based on Location and User
Location
SU preference
Cost
Quality
search function does not work well
Provider details not always up to date
Provider suspended (not represented in searches) - Less this is internal - Provider suspended (internal and audit) (anyway) - This is many times they need to be, but it is a pain - Making case over provider search - and - Hard to difference.
Select provider
Send enquiry to provider
Includes:
Service level (e.g. Home Care)
No. hours required
Expected start/end dates
Free text note about the client's requirements
Enquiry state of offer (typically 7 days)
Not currently possible to send enquiry to multiple providers
If provider doesn't respond, follow up via phone/email (contact details in the system)
Care Manager provides further information if requested
Provider receives email notifying them of new enquiry
Logs into portal and views enquiry
Makes an offer
Rejects enquiry
Frequents (more information (skills & rotes)
Not always given sufficient time
Extra price a SU's service (£) to know if it is a safe place to work
Needs to respond within enquiry date
Review provider responses
Discuss with SU and organise provider home visit if requested
Notify providers that they have been selected/not selected (this is phone/email
Add selected services/providers to basket
Prepare draft support plan for approval
Funding Panel Review
Plan rejected
Sometimes SU remember to follow up with providers
Conducts home visits (with SU if requested)
Funding Panel Review
Sign off and work care plan
Update Support Plan Flow
Trigger
A breakdown with the provider or
perhaps a deterioration in a person's health that means someone requires more support
person may have an informal carer who provides care and not an provider
Hell to this, this person suffered a fall (not hugely significant) and now same thing (it's a broken clavicle)
