

# Supporting ActionAid makes a difference

## PINKI HELPS OTHERS RETURN TO SCHOOL

Photo © Staff, ActionAid Nepal

**ActionAid** helps children realise their right to education. In the Bara district of Nepal we organise children's clubs where young girls and boys learn about the importance of education.

**Pinki Kumari Paswan** (13) participated in one such club and as a result was inspired into action. On her own initiative, over two years, she encouraged 63 children to go back to school and has made a lasting impact on her community.

## JOESPH PROVIDES A BETTER LIFE FOR HIS FAMILY

Photo © James Akena/ActionAid

**ActionAid** works to build the resilience of small holder farmers to ensure food security and to improve farm income at the family level.

Support from ActionAid resulted in increased harvests and extra income for **Joseph Omokete** allowing him to purchase cattle and to send his children to school. In Uganda over 2,000 small farmers like Joseph are expected to benefit this year from **ActionAid**'s farming support programme.

## YOUR HELPING HAND

# PUTTING YOUR SUPPORT INTO ACTION

# About ActionAid

Established in 1983, ActionAid Ireland is a development charity that supports poor and vulnerable people in their fight for a better life. We work to help people gain their basic rights: to food, water, healthcare, education and the means to earn a living.

As part of **ActionAid** International we work with over 19 million people in more than 45 countries around the globe. ActionAid Ireland focuses its development work in some of the worlds' poorest countries.

## OUR MISSION

**ActionAid**'s mission is simple: to end poverty. Achieving it is not so simple, but through building partnerships between people at both local and global levels, and challenging the root causes of poverty through international campaigns, we are helping people to change their lives for the better.

## DID YOU KNOW

- **Hunger** kills **3.5 million** children every year - one every 10 seconds.
- **The UN** estimates that **60%** of the 1 billion people currently suffering from hunger are female due to their unequal position in society.
- **57 million** children in the world's poorest countries are denied a primary education.

## CREATING CHANGE THAT LASTS

We **promote** sustainable, local farming, especially for women, in over 30 countries. We provide seeds, tools and training so they can feed their families whilst campaigning against issues that may cause hunger.

We **help** communities improve their schools by building safer classrooms with adequate furniture, drinking water and feeding programmes. We also educate adults about sanitation as well as about HIV and AIDS.

We **work** in emergency situations providing immediate relief such as food, water, shelter and medicine. But we don't stop there. We set up long term projects that help communities, to rebuild their lives and prepare them for future emergencies.

## WE NEED YOUR SUPPORT

Every day, people - the majority of them women and children - are waking without enough food or water and without access to decent education or basic healthcare services. Supporting our work offers you the chance to change all this.

- **€15** would provide a chicken breeding programme, a source of nourishment and income for a family.
- **€30** could cover basic school expenses and give a girl an opportunity to go to school.
- **€60** could help construct and maintain a borehole that would ensure access to clean, fresh water.

**Please consider a gift to ActionAid today.**

**YES, I WOULD LIKE TO SUPPORT THE WORK OF ACTIONAID IRELAND**

**Here is my donation of:**

**€100**  **€60**  **€30**  **Other €** \_\_\_\_\_
